BLB632
Mini Locker

Security and Storage.

Provides excellent security by allowing both wheels and the bicycle frame to be secured. Additionally, it allows the cyclist to store riding apparel such as backpack, helmet and gloves.

Optional precast concrete slab is available for where the locker is not being installed onto an existing concrete slab.

Material Specifications (General)

BLB632 1.6mm Galvabond® sheet / Powder coated Heritage Green / Stainless steel wire cables (PVC coated)
